# Professional CV

Your professional profile and experience

Present a concise, accurate account of your expertise for prospective studios, employers and collaborators.

Complete the shaded fields in a PDF reader or print and write by hand. Save a personal copy.

## Professional name

## Professional contact and location

Email, city/country and professional website if available.

## Professional profile

Two or three sentences on discipline, experience, approach and relevant specialisms.

## Qualifications and continuing education

List certifying organisation, qualification and date. Include current credentials only where appropriate.

## Relevant professional experience

Role, organisation, location, dates and key responsibilities. Most recent first.

# Professional CV

Experience, evidence and availability

Use this second page to complete your profile. Include references only with their permission.

Complete the shaded fields in a PDF reader or print and write by hand. Save a personal copy.

## Additional experience and achievements

Include demonstrable outcomes or relevant professional responsibilities.

## Areas of expertise

Disciplines, populations, languages or relevant specialist experience.

## Availability and engagement preferences

Preferred locations, dates, format and any work-authorisation considerations.

## Professional references

Names and contact details with prior consent, or available on request.

Final review: verify dates, credential titles and contact details. Use clear, factual language and remove unnecessary personal information.
